Hi my name is Cadhla. I am nine years old. I would like the second part to the Harry Potter lego castle. I would like this because a while ago with my communion money my sister and I bought the first part and Hagrids hallow. I will buy this in Smyths.

I need €130 and I have saved a little bit already. I will save by helping mum with cleaning the house and I have saved €5 from cleaning the kitchen cupboards and stairs.

I really hope I get this because it can keep me busy. In lego you can build it, take it apart, and rebuild it. And it is coming up to Halloween and it looks REALLY cool. If I got this I would be over the moon happy.
